Prayer Surrounding The Election

I have called you by name, you are mine. Isaiah 43:1

Prayer For The Election

Next Tuesday, November 3rd, is election day here in the US. Many of us have already voted. Many more of us will vote on that day. A number of us are praying each day for God to lead us during this election. I highly encourage we pray each day that God would lead this nation at the polls.

Your Experience Of Prayer During The Election

God is fully interested in everything that goes on with us. That includes our political positions, our reactions to those with political positions different from our own, and our feelings about who is or is not in office. When we feel strongly about any of this it is, among other things, a time when God is getting our attention through our feelings. When we are angry or frustrated about things in our nation it is good to ask God a question like this, "What are You telling me right now?" God may put something into our minds right at that point. It is very likely to be about us and how God is calling us closer. It will likely be God telling us in some way, "You are mine." The idea is this: In everything God is reaching out to us all the time. What is God saying to you right now?
